Start of sprint 3

Requests/Wishes 8
This item hasn't been started

Draft
As a user I want to be able to create accounts, log in and save my favorite recipes

Draft
As a user I want have a page about the reason of this applications existence and a way to contact the creators to ask or suggest.

Draft
As an administrator I want a create login page that checks for correct information

Draft
As an admin I want a simple solution to save user accounts

Draft
As a user I need to be able to specify the maximum amount of time to cook the resulting recipe

Draft
As a user I may not have extra ingredients at home and need a checkbox for telling the AI to use ONLY the entered ingredients

Draft
As a user I need a better user experience

Draft
As a developer I need to be able to change code for different choices that doesnt need a to change in HTML

+ Add item

Backlog 1

group-6 #6
As a user with sensitive eyes, i need to be able to enable "Dark mode"

+ Add item

In Progress 0
This is actively being worked on

+ Add item

Testing 0
Others to test what has been done before marking it as Done

+ Add item

Done 11
This has been completed

Draft
As a user I want the service to ignore ingredients that doesn't belong in a recepie

Draft
As a developer I want to fix the loading animation bug

Draft
As a european I need to be able to choose between metric and imperial measurements

Draft
As a user I need to be able to more easily add ingredients in the form of tags

Draft
As a user I want to be able to choose recepies from different international kitchens

Draft
As a user I need to be able to specify the number of people/portions the recipe should account for

Draft
As a parent of 2 I need to be able to specify any dietary restrictions I and my family may have to recieve a recipie that everyone can enjoy

Draft
As a parent i want to show a picture of the food to my kids before cooking it

Draft
As an invester, I need a better design to
